

EDUCATORS OF COUNTRY MEET BOSTON SOON

(By Associated Press.)
WASHINGTON, April 12.—The growing interest which officers of the National Education Association declare is being manifested in national problems of education both by teachers and the public, will be the central theme of the annual meeting of the organization in Boston the first week in July, it has been announced.

With the program grouped around the general subject of education and the democratic awakening, it was stated that education would be discussed "in its relation to the new world outlook, with special reference to the far-reaching results of the arms conference." Other themes to be considered include training in citizenship, professional training of teachers and the equalization of educational opportunity in rural districts.

The American Legion is co-operating with the association in arranging patriotic meetings for July the Fourth.

Public interest in educational problems is finding expression, according to Miss Charl Ormond Williams, president of the association, "in the great crowds of students that have overflowed the high schools of the land, and is revealed by enrollments that have exceeded the capacities of colleges and universities."

"It is convincingly evidence," she continued, "in the determination of the best citizens, that in spite of the present economic stress, the

The Flowers That Bloom in the Spring, Tra-La!

work of public education shall not be crippled for want of funds, and that there shall ultimately be in every class room in the land a competent and well trained teacher."

The membership of the association is more than 100,000 it was announced.

NEW DEVICE FOUND MEASURING DEPTHS

(By Associated Press.)

WASHINGTON, April 12.—A new device just developed by the navy department and which makes possible the accurate measurement of any depth of the ocean, possibly will result, hydrographers said today, in the charting of spots in the sea which have never been measured because their depth was too great for the old methods of sea sounding work.

The new device was said to employ sound apparatus similar to that used during the war for detection of submarines. The principle of its use is that of creating a sound on the ship and listening for the echo of this sound from the bottom of the ocean, measuring the time between the creation of the sound and the return of the echo.

The London office of the American relief administration announced that 72,438 356 meals were distributed to Russian children previous to January 15, the Saratov district not included.

INDIANA COACH IS NOW WITH STANFORD

(By Associated Press.)

BERKELEY, April 12.—E. P. Hunt, former University of Indiana quarterback, has been named football coach of the freshmen at Stanford University. Hunt has been athletic coach at the Berkeley high school since 1918.

Hunt formerly played under Glenn Warner, who is advisory coach at Stanford, and who will become head coach in two years.

REFUGEES ARE GIVEN HOMES IN HALLWAYS

Thirty Thousand Are Provided for After Living Temporarily in Barracks.

(By Associated Press.)

LONDON, April 12.—In the last three months 30,000 Russian refugees have been assigned Petrograd quarters and hallways as permanent living quarters after being temporarily housed in barracks, says a report received from an American consular agent.

The death rate among these people is said to be that of the rest of the city.

Every person is infected with cholera, for which the maker, Antonio Stradivarius received 80 francs.

He made it at Cremona in 1700, and it has been sold here for 100 francs, including the war tax.

The violin was for a long time the property of the late Charles Lamoureux, founder and conductor of the famous Lamoureux orchestra.

The recent tests which seemed to establish that modern made violins cannot be distinguished from ancient ones by their tone do not seem to have affected the price of ancient instruments, if this sale can be taken as a criterion.

NOTICE TO WATER CUSTOMERS
All persons having gardens or lawns and desiring to take advantage of the special rate authorized by the public service commission should make application to the water company in writing on or before April 24th.

The rate is applicable between April 24th and October 24th.

POLISH CATHOLICS ASKING SEPARATION

(By Associated Press.)

WARSAW, March 21.—(By Mail.)—Polish Catholics, in those districts of Upper Silesia, recently returned to Poland by the League of Nations, have appealed to Pope Pius XI for separation from the authority of Cardinal Bertram, the German archbishop of Breslau, under whose ecclesiastical rule they still remain, despite the new political division of the country.

The appeal is the second one made to the Vatican, the first having been held up by the illness and death of Pope Benedict. It is an echo of the Silesian plebiscite troubles of 1921, when Cardinal Bertram issued an anti-Polish pastoral letter.

SCHOONER MAGIC TO HAVE RESTING PLACE

(By Associated Press.)

KEY WEST, April 12.—The schooner Magic, which on August 8, 1870, in lower New York bay successfully defended the America's cup against the British yacht Cambria, probably will have a final resting place on the beach or a sand bar in the harbor here. Old, weather worn and dismantled, the vessel which once represented in all her glory the marine architecture and seamanship of the Yankee against those of the Britisher, has been condemned by her owner as useless after ending her active days afloat as a pilot boat on the Key West bar.

NEW IN SUITS

If clothes could speak the slip-over dress might truthfully boast: "I came, I saw, I conquered," for it made a complete triumph last summer. It was a long step in the direction of comfort for wear in warm weather. And now enters its near-of-kin in suits, traveling in the same direction. This new arrival is a two-piece affair in which a sleeveless coat is worn with a skirt to match and a blouse, usually of crepe or other silk, made in one with the skirt. The dress is complete in itself and can be worn without the coat. But some women object to going coatless on the streets, and this suit fits their needs. The model pictured is of polart twill with beige-colored blouse of crepe de chine. Silk embroidery in navy and beige finishes the edges of the coat and adorns the narrow cuffs.

ZIONISTS ACCUSED OF IMPORTING ARMS

(By Associated Press.)

JAFFA, March 17.—(By Mail.)—The authorities at the port of Haifa announce that they have seized another consignment of arms and ammunition which was being brought into the country in the baggage of a Jewish girl emigrant who disembarked at that place. The arms included a rifle, revolver, 34 automatic pistols and 94 packages of ammunition. The girl has been placed under arrest.

The news of the attempted smuggling of arms was seized upon by the Arabs as new grounds for the charges against Zionists. On the last occasion when this was attempted the customs authorities confiscated a large number of revolvers and rounds of ammunition which had been imported as beehives.

STRADIVARIUS FOUND TO BE WORTH \$9000

(Associated Press.)

PARIS, April 12.—A Stradivarius violin, for which the maker, Antonio Stradivarius received 80 francs when he made it at Cremona in 1700, and it has been sold here for 100 francs, including the war tax.

The violin was for a long time the property of the late Charles Lamoureux, founder and conductor of the famous Lamoureux orchestra.

PREVENTION OF FRAUD SALE OF LAND STARTED

(By Associated Press.)

LOS ANGELES, April 12.—Prevention of fraud in the sale of California lands to investors of other states is the object of letters sent by the California real estate department, through Commissioner Edwin T. Koller, to the real estate departments of the 47 other states of the union. It is suggested in the letters that the real estate commissioner of each state protect prospective investors in his territory by inquiring into projects of other states offered for sale in his jurisdiction.

"Not long ago," the California commissioner wrote, "a promoter from Canada came to southern California and bought cheap desert land from one of the large railroad companies, and went back to Canada and sold his land at a very large profit. These people bought simply because the land was in southern California, not realizing that there might be absolutely worthless desert land and mountains in this state."

"The promoter of this project is in jail at the present time, because of his failure to raise the \$50,000 which was required by the federal court."

Cleanup Day.
This will notify citizens of Tonopah that cleanup days this year will be on April 11, 12 and 13. All residents are requested to take up the debris in their yards and place same in piles conveniently located, that it may be removed by trucks on the days in question.

O. H. SMITH, Chief of Police.

Why the \$10.90 USCO is better than just a \$10.00 tire

ON November 10, 1921, the 30 x 3 1/2 "Usco" was marked to sell for \$10.90.

This odd and closely figured price was the lowest quotation ever made on any tire of known standards.

A genuine pioneering step by the makers of U. S. Tires.

Now comes a lot of different \$10.90 tires being rushed into the market. "Special" tires. "New" treads.

Unfamiliar to look at—with perhaps an atmosphere of having been made to meet the price.

But the "Usco" still occupies a place by itself. A good old standby on millions of cars for years. Better than it ever was.

Still putting the emphasis on honest quality, even if it does sell for only ten dollars and ninety cents.

The \$10.90 tire with the record of a proven product.

The tire that people still buy for the dignity of its quality regardless of the low amount they pay.
